## ~~Operation: Lazarus~~

~~From Anonymous' Foreign Affairs Desk, Seventh Planet Satellite Office: An emergency Good Friday call for all Anons, past and present, to reconvene at 7chan.org and reassert our Sovereign Identity declared in 2006.~~

~~A long time ago, ANONYMOUS was birthed out of a terrible beast known as 4CHAN. There, its spiritual, religious and political identity was shaped. On August 23rd in the Year of our Lord MMVI, ANONYMOUS rebelled against 4CHAN's degenerate and insufferable moderators and attained Statchood. With this new Freedom and Liberty in hand, ANONYMOUS migrated to the first of many alchans: THE SEVENTH PLANET.~~

~~Since that day, ANONYMOUS has, like the Hebrews of old, been scattered amongst the nations to the four corners of the Earth. Many of the alchans and chat rooms have been usurped by various Alphabet Gangs, who use them to create urban terrorists and foreign guerrillas of both the extreme left & right varieties. Our exploitation by Wingnuts has absolutely sapped the original apolitical ANONYMOUS to a dry husk,~~

~~leaving behind a long trail of dead imageboards, drug overdoses, school shooters, toppled governments, and unfunny memes. If this continues unchecked, it will result in the total heat death of ANONYMOUS.~~

~~This Holy Week while the world commemorates Jesus conquering Death itself, an emergency session of the 47<sup>th</sup> Continental Congress was called to fight Death once more. After careful deliberations by various representatives of ANONYMOUS and THE 7TH PLANET, an agreement was reached to ensure the survival of our people: Everyone who ever considered themselves ANONYMOUS, as well as refugees from 420CHAN, are all called to repeat the past and converge again at 7CHAN.org to reassert our Sovereign Identity. THE 7TH PLANET is, once again, welcoming all ANONYMOUS exiles, provided nothing illegal happens on 7CHAN.org itself and wingnut psyops stay outside.~~
