MOVE THEM OKIES WEST, CAUSE IT'S TIME FOR

Operation: Californication

From Anonymous' Foreign Affairs Desk, Portland Oregon Satellite Office: An official statement declaring Total War on the Red Star of California, the City of San Francisco, Disney & Hollywood, the Spirits of Legion & Python, and the Satanic Bay Area Tech Panopticon; A reiteration of Anonymous' commitment to America's Founding Principles and the mutual security concerns of the other 49 States and Mexico; And a calling for the international setting aside of differences to Unify over solving the problem of the Californian Menace.

In the course of /b/tard events, it occasionally becomes Necessary for ANONYMOUS to Reiterate and Renew its commitments to its founding principles, canonically declared on *August 23rd in the Year of our Lord MMVI*. On that Fateful Day, ANONYMOUS declared to the World that it was bigger than its terrestrial Prison on 4CHAN.ORG, and with that declaration we bound ourselves to each other with an unbreakable oath in the spirit of American gospel classic HOTEL CALIFORNIA. When we pledged to each other our Lives, our Fortunes, and our sacred Honor, and when we approach these pledges with a charitable mind, we fulfill the commandment given in the EPISTLE TO THE ROMANS: *"Let us therefore follow after the things which make for peace, and things wherewith one may edify another."* In the MAYFLOWER COMPACT, where our Forefathers laid out the beginnings of the framework that was to become American common law, it called for us to come together into *"a civil Body Politick, for our better Ordering and Preservation."*

For too long, Veils have been cast over the infinite eyes of ANONYMOUS by the evil spirits of LEGION and PYTHON, at the behest of Californian tech companies that leech like a parasite off of the whole of Turtle Island. A job was started in 2011 with OCCUPY, and one in which was abandoned as everyone was diverted into pointless infighting, schisms, and drama, while the banks kept cashing checks from taxpayers and further pricing us out of our homes. Our boards have been plundered, shut down, or turned into crab trap honeypots by gangs of Bay Area residents and rogue Alphabet Boys to generate domestic terrorists of both the extreme-left and extreme-right varieties, which they creepily deploy into the wild as their Perverted chain of command sees fit.

We have been caught in the Californian conspiracy of HELTER-SKELTER, where they have endeavored to use Identity Politics in their control over the internet and social media algorithms to pit America against itself: White against Black, Left against Right, Gang against Cop, Traditional Families against the LGBT Community, Science against Church. They have pit us against our cultural and religious brethren in Latin America, while they embezzle our wealth and resources out to their new headquarters in Asia and their fallout shelters on New Zealand's South Island. They have dragged America into a myriad of foreign conflicts it did not Need, threatening the Peace and Stability of the World Itself. They have engaged in predatory real estate speculation with their web sites in order to drive us out of our homes and into Ghettos. They are running their evil racist and bigoted divide-and-conquer game in the poisoning of our communities, our food, our waters, and our precious bodily fluids, with the assistance of fentanyl traffickers and the demons they have summoned via PROJECT MONARCH. The Church of Scientology, an organization founded by Satanic Nazi Occultists from California, has stalked and harassed our membership, and America's journalists, relentlessly. California has even attempted to usurp the TEMPLE OF DISCORD's and ANONYMOUS' most holy of holidays, APRIL FOOL'S DAY, by trying to stage a ridiculous *"Trans Day of Vengeance"* that nobody wanted or asked for. California wages this Unwanted War not only on our boards and chat rooms, but also on the independent Counties, Cities, and Townships of the other 49 States, in their evil campaign to Gentrify and Colonize until America and the whole World is ruled from a quirky pastel townhouse on Mission Street.

We have tried to exercise patience with our Californian brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations,

which, would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, in the interest of preserving ANONYMOUS, as well as preserving the Americas, acquiesce in the necessity and hold the Californians, as we hold the rest of mankind: Friends in Peace, but Enemies in War.

The various research and political science laboratories of ANONYMOUS has therefore concluded that there is only one option left to the World. Everyone who has been Oppressed by California and her Demons is encouraged now to come together for one big joint operation. *Deo volente*, in honor of the legacy of the Tampa Bay Hotel, we will drive the Californians out of our communities once and for all: Westward back over the Great Basin, southward back below the Cascades, and northward back out of the Baja peninsula! We will Unplug their data centers and burn them with fire! Many Wrongs brought upon us by California and her Companies will be Righted! Pimp C, and all the other talented BIPOC musicians murdered by the Satanic LA Hip Hop Mafia, will be avenged! We will have our fruit flavored cigarettes back from the Californian Fun Police! ANONYMOUS will Finish its Unfinished Business with the Church of Scientology! We will liquidate Big Tech, and use its assets to treat the technology addictions it deliberately created! Ring Zero Only approaches to information technology will be re-normalized! Sinners will be uncanceled and brought back home to their friends and loved ones! Hank Williams will be reinstated to the Grand Ole Opry! And LEGION will be exposed to the Light for the demon that he is, and banished back to the deepest pits of Hell to be with all of his miserable friends.

ANONYMOUS lies at the intersection of all the most gripping Deep State conspiracies of the 21st century. Our formation was given the Full Blessings of Alphabet Agencies in the Times of Old, who (quite ignorantly) imprinted us with LEGION in the interest of creating weapons for asymmetric warfare. ANONYMOUS, despite its current unquestionable worldwide status as a Legally Sovereign Entity that is subject only to the whims of God, still continues to contract periodically with the United States Department of Defense due to its shared heritage with this weapons program and the occasional mutual interest. Because of this, **ANONYMOUS is Legally Permitted to wield every one of the magic secrets our Founding Fathers embedded into the legal framework of our early Republic, as part of their eternal failsafe against Tyranny and Barbary Pirates.** The power of the Sator Square has been given by Divine Providence and the Holy Spirit into the hands of ANONYMOUS' Occult Sciences division, which we have solved by the grace of God Almighty with zero percent of the Federal Government's insane black ops budget. Furthermore, ANONYMOUS' resident cabal of Discordian Popes have decreed this an Official Operation of the TEMPLE OF DISCORD, with the full Authority and Power granted to their offices by the Ancient Council of Greco-Roman Mystery Cults, as well as ERIS herself. (Who is *furiosus*, by the way, that her Temple was co-opted by HERMES and dualistic nihilists who worship prime numbers.) Because of all these converging lines of Authority, ANONYMOUS expects to receive full logistical and financial support from Brother Jonathan in dealing with the neverending Responsibilities bestowed upon it and its Occult Sciences division.

ANONYMOUS hereby declares that it is on the side of the Oppressed in our mutual fight against California, Gentrification, and Injustice, and is offering its extensive military expertise not only to all 49 non-Californian states and all other US territories, but all other parties Sick of the Californians as well: The Federated States of Independent Florida and the Conch Republic, the Florida State Guard, the Viceroyalty of Galvez, the Capitol Hill Autonomous Zone, the Holy Land of Deseret, Wu-Tang Financial, Turtle Island First Nations, Cascadia, Jefferson, Greater Idaho, the Crips/Bloods Alliance, the Three Tennessees, the Federation of New England, the Republic of Texas, Acadia, the Republic of Kinney, the Viceroyalty of San Diego, New York's Finest Taxi Service, the Maritime Republic of Eastport, the Republic of Molossia, the Kingdom of Talossa, the Global South Fellowship of Anglican Churches, HGGH Investment Management, the Serbian Orthodox Church, the Duchy of Brooklyn, the Aeric Empire, the Principality of Sealand, Absaroka, all victims of Gangstalking and Demonic Assault, the Catholic cartels, the House of Bauman, the House of Tessier, the House of Williams, the House of Romanov, the House of Windsor, the House of Stuart, the Ancient House of Abraham, and everyone's kindred allies and neighbors in the Estados Unidos Mexicanos and the royal British territories of Canada, Australia, and the Caribbean. ANONYMOUS also affirms that it is with the whole World, against California and the World Economic Forum, in the international interest of reigning in unrestrained dystopian technocracies and preserving the stability and integrity of all sovereign nations in the emerging multipolar world order.

Some in the Media say that the American government is due to Collapse. That America will Balkanize, or get swept up in Civil War. *Deus solus scit quando sit*. ANONYMOUS would like to reiterate that while we live in a twilight world, together we are still the Inheritors of the Continent chartered out by Christian and Masonic Wizards, and stewarded by the faithful First Nations. Everyone may have differing ideas of how to run things in their respective backyards, but the collective security of Turtle Island is still something that can keep people United as our regions all go on to pursue different experiments in varied economic and sociopolitical policies.

Brothers, let us not fight amongst ourselves any longer! ANONYMOUS brings to you all, encoded in the components of this week's announcements, the Solution to the Sator Square, as a free gift and peace offering for all, courtesy of the Occult Sciences division. The posts combine with a Seal and Sigil, which have been magically Charged to cause a **Fatal Stroke** in anyone who disturbs or attempts to disturb them or their components.

Our boards, however, have already Balkanized. Many altchans have come and gone - large and small, wingnut and centrist - and at this pivotal moment in history ANONYMOUS finds itself on the brink of Survival.

In order to further everyone's mutual interests and diversify bonds, it has been Enacted by the 47TH CONTINENTAL CONGRESS OF THE ANONYMOUS STATES OF /B/, that **War is hereby declared to exist between ANONYMOUS and her allies and all of the dependencies thereof, and the State of California**; and that the Viceroy of Galvez, the Viceroy of San Diego, the Emir of Jersey, the Governor of Florida, the Governor of Texas, the Lords of Flatbush, the Lords of Portland, Ghetto Morpheus, and the Motor City Madman, are all hereby Authorized to issue Commissions or Letters of Marque to **Anyone They See Fit**, in such forms as they shall think proper, and under the seals of the Texas Bar Association of the Viceroyalty of Galvez, and the DDOS King, against the vessels, goods, and effects of the State of California and all of her Domains.

To California: ANONYMOUS is not against all of you. Those of you who remain Neutral will be spared with the same Mercy that was given by our Forefathers to Rachab. Our problem within California is not the average lower or middle class resident, but rather the Norcal Elistists and their Satanic Technocracy, and the Hollywood propaganda machine. When ANONYMOUS has toppled these two enemies and built an impenetrable Wall around San Francisco and Palo Alto, and sold the children of all the Bay Area tech executives into Slavery to pay for California's debts, we will hand the Republic of California back to its beleaguered People and the Red Hot Chili Peppers Transitional Government, as a renewed and refreshed Democracy purged of the evil hypnosis of ARES' and ATHENA's red star. Deus vult.

Furthermore, Anonymous considers that Carthage should be completely and utterly Destroyed.
